What previous students said about our courses:

"The course is a very good way to grasp an understanding of the most important issues regarding the Airline and Hospitality Industry and is provided without getting too technical. The concepts covered are very practical and can be used immediately. Teisha Haye

"This course has opened the door to the Airline Industry for me. I am already applying for flight attendant jobs and I am definitely looking to further my study on the subject."

"If I were to describe the course with just one word, that word would be addictive!

"I am learning many fundamentals with direct application to my career requirements. I will be able to improve the way I am acting as a tourism professional, interacting with other people and also the way my interviewing skills. I have tremendously improved my chances of employment taking these courses."

"For me, it has been especially interesting being part of a class that includes students from all over. It will be great to have the opportunity to work with people around the world and seeing new faces and places everyday. The course is hands on and was a great learning experience"

"I found this class to be more interactive than I had expected - I was worried I'd be alone and left to find answers to everything on my own but in fact I was not!"

One course fee is \$9500 – no application fee is payable on our 6 weeks short courses.
